Because we care, we have adopted the practices described in this Privacy Policy. You should not access the Lycoming Engines website (the "Site") or use our services until you have carefully read this Privacy Policy and agree to the terms and conditions described in it.

OUR COLLECTION AND USE OF YOUR PERSONAL INFORMATION

We collect and use information about you which will help us administer our business or provide products, services or other opportunities to you. Among other things, we use the information we learn about you to help us personalize and improve the experience you have on our website, to respond to your requests and to communicate with you. The types of information we collect, retain and use include the following:

Site Use Information: In general, you can visit the Site without telling us who you are or revealing any information about yourself. Our web servers collect the domain names, not the email addresses, of visitors. This information is aggregated to measure the number of visits, average time spent on the Site, pages viewed, etc. Lycoming Engines utilizes this information ("behavior profiles") to measure the use of our Site and to improve the content we offer. We may share with third parties experiential information or other data which does not personally identify users of our site. For example, this might include product or service preferences of all visitors to our site.

Registration Information You Provide To Us: When you register on our site to receive news from Lycoming Engines, we collect profile information from you ("Personally Identifiable Information"). We require that you provide your first and last name, email address, and other information as requested in the applicable registration pages. At your option you may voluntarily provide additional information, including address, phone/fax, and, in the case of seeking employment at Lycoming Engines, your employment history. Although you may choose not to provide the optional information to us, it may result in some features not being available to you.

By providing this Personally Identifiable Information to us, you explicitly agree to our collection and usage of such information as described in this Privacy Policy. We use your Personally Identifiable Information to respond to your inquiries, process an order, contact you regarding account status or customer service, ask you for feedback on our service, let you know about products or services which may be of interest to you, or allow you to access specific account information, or in the case of seeking employment at Lycoming Engines, match you with appropriate job opportunities. When you register, you consent to allow us to contact you for those purposes.

Cookies: Like many websites we use "cookies" to enable us to remember your password, to help us identify the portions of our Site that may be the most relevant for your needs, and to help us identify other products or services that may be of interest to you or others. A cookie is a small piece of information that a web site can store on your web browser and then retrieve at a later time. We use cookies to track the portions of our Site you visit. However, we do NOT use cookies to examine your surfing behavior before or after you leave our Site. There are products commercially available that are designed to help you disable cookies. Although we want you to be aware that such products exist, please note that if you choose to use them we will not be able to provide you with a personalized service, and it may result in certain features and services not being available to you.

Email Communications: We use your email address to contact you to respond to your inquiries or to provide information on products or services to you. To help us determine whether you have received an email from us, and to help us make emails more useful and interesting, we may receive a confirmation that you have opened an email from us.

Child Privacy: We do not knowingly solicit or receive information from children under the age of 18.
